

Safer Travel on our Buses

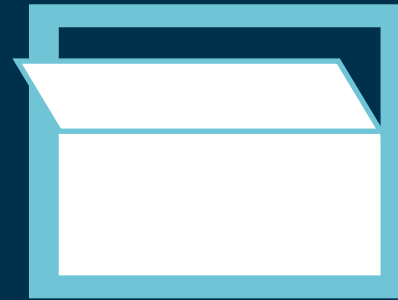

We would like to welcome you back to our services. Please observe our guidelines for keeping each other safe.

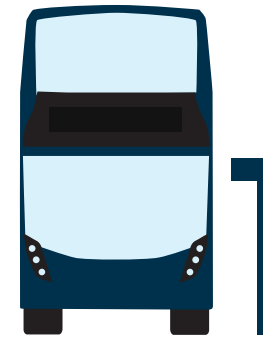

Follow social distancing guidelines at all times. Only sit next to someone if they are from your household or bubble.

You must wear a face covering unless you are exempt.

Open windows to help with ventilation.

When leaving the bus, ring the bell and wait in your seat until it stops - avoid queuing in the aisle or next to the driver.

Please show our colleagues and each other kindness and respect.
